Highway Department March 2015 Monthly Report:

During the month of March our full crew conducted snow and ice removal operations on five separate days. Two additional days required a partial crew and five days I treated roads alone. These include days with storms, days with windblown drifts, days pretreating, and days cleaning up following storms

Between snow/ice storms we continued to clean, inspect and repair our equipment

This month we spent seven days trimming limbs on several roads. This is done for safety reasons such as preventing school busses and trucks from striking branches that extend over the driving lanes. Roads worked on included Overlook, Black Grocery and Underhill Roads

Spent one day patching potholes

Hauled road materials from Hudson to the Highway Garage stockpiles in anticipation of spring road work

Spread gravel on Cambridge, Camphill, Lakawanna Valley View, and High Valley Roads
