Highway Department October 2017 Monthly Report:

We blacktop paved Trout Brook and Parkside Roads

We repaired the blacktop shoulders on Deer Track Lane and Underhill Road with our dragbox

We removed the dump body, hydraulic tank, fuel tank and wing box from our 1999 tandem dump truck in preparation of replacing the truck frame rails

Continued road side mowing

Started hauling in road sand

Worked three days cleaning up trees and limbs following a strong wind storm

Started preparing our trucks for snow removal in anticipation of the approaching winter season

Setup our leaf vacuum truck in order to clean ditches and culverts

Inter-departmental assistance the Highway Department provided:

Park

Our department assisted the park in setting up the Haunted House. We moved the props from storage in the West Copake fire house and set up the "walls" in the park building. We spent one day in setting up and one day taking down and returning the props into storage.

We graded and raked the tractor pulling track

Town

We installed the sander and sander controls in the Toolcat in preparation for removing snow from the sidewalks

Inter-municipal Cooperation included:

Town of Ancram

They replaced a parking lot light at the Park with their ladder truck

We used our firetruck to flush a plugged culvert for them
