Highway Department January 2019 Monthly Report:

Snow and Ice Control was the primary duty for the past month. During the month of January our full or partial crew conducted snow and ice removal operations on 15 separate days. There were several nights or mornings that I was able to salt isolated slippery spots with the town pickup sander. The pickup truck sander allows me to treat these isolated spots faster than calling in crews; additionally it minimizes wear and tear on the large trucks.

Between snow/ice storms we continued to clean, inspect and repair our equipment. All routine maintenance and nearly all equipment repairs are done in house

Spent several days mixing sand and salt for use during snow storms

Removed dead trees on two days

Repaired a washout on High Valley Road

The entire highway crew attended Work Place Violence and Sexual Harassment training at the Town Hall

Inter-departmental assistance the Highway Department provided:

Town

Took down the Holiday lights at the Town Hall

Picked up copy paper purchased from the school district and delivered it to the town hall

Park

We continued to assist the Park in maintaining the ice rink

Took down the Holiday lights inside and outside of the park building
